## MY EXPERIENCE

(If you need more space, please photocopy this page or include additional attachments as needed)

Name (optional):	
Please share brief outline of your experience:	There is a leader in our org that is trying to take care of a problem employee - [REDACTED] - who is a poor performer and also called his employee a "Bitch" but she is not able to do anything about it because he is protected by the European Basketball club.
Date / location if you can remember:	
Did you experience this situation first hand?	I know this was reported to ER. Why is nothing happening? Because he is friends with [REDACTED] who phoned in a favor.
Were there any witnesses?	
Do you have any hard evidence such as emails, photo's etc?	
If not experienced first hand, then how was it brought to your attention?	
Did you report this experience?	
If you reported it, was it resolved?	
If you did not report it, why did you make that decision?	
What impact has this experience had on you? (For example; career progression, physical health, psychological health, other)
